

Transportation System Plan Goals

The project team developed the following Transportation System Plan Goals through discussion of priority issues and desired outcomes with the Citizen Advisory Committee. These goals will guide our work and tell us if the updated Transportation System Plan supports community interests.

Goal 1: Maintain **efficient motor vehicle travel** along the street network and through US 20/OR 34.

Goal 2: Develop a transportation system that provides **mobility and accessibility for all members of the community**, and reduces reliance on motor vehicle travel.

Goal 3: Enhance transportation **safety**.

Goal 4: Develop and maintain a transportation system that supports **economic vitality**.

Goal 5: Provide a sustainable transportation system through responsible **stewardship of financial and environmental resources**.

Goal 6: Maintain **coordination** with local and state agencies and plans.
